#### FC23/24-79 Councillors' apologies for absence

The chair welcomed the members of the public and explained the arrangements for the meeting. Members of the public were reminded that the meeting would be recorded and webcast on the Town Council's YouTube channel (https://www.youtube.com/watch?v=1F9npBt1wJw&t=792s).

It was RESOLVED to note the apologies for absence and the absences without apologies as listed above.

#### FC23/24-80 Councillors' declarations of interest in matters on the agenda

There were no declarations of interests.

#### FC23/24-81 Minutes of the last meeting of full council on Tuesday, 26 September 2023

It was RESOLVED that the draft minutes of the last meeting of full council be approved as a correct record of proceedings.

#### FC23/24-82 Public Speaking

No members of the public had asked to speak at the meeting but a prepared list of residents' questions had been collated for discussion after/during the presentation on the Brunel Centre Development Brief and the chair explained that there could be time for questions later during the meeting.

## FC23/24-83 Presentation from representatives of Milton Keynes City Council and Milton

Keynes Development Partnership on the draft Brunel Centre Development Brief The Chair introduced David Blandamer, Senior Urban Designer from Milton Keynes City Council (MKCC) and Adam Sciberras, Special Projects Director from Milton Keynes Development Partnership (MKDP) who delivered a presentation and answered questions on the draft Brunel Centre Development Brief which was out to public consultation.

The presentation delivered by the Senior Urban Designer covered the nature and purpose of the brief and explained the key aspects of the planning policy guidance contained within the brief and the policy context for this.

In summary it was noted that the design principles for the proposed mixed used development on the site were drawn from the Central Bletchley Urban Framework SPD and Plan:MK. Opportunities from development of the site included creation of

active frontages around the edge of the site, improvements to pedestrian permeability and the reconnection of Queensway and Buckingham Road (visually and for pedestrians/cyclists not vehicles) as well as the marking the key focal points and gateways to the town. Constraints included the need to manage level differences, to take account of existing two storey housing nearby and to manage servicing of any new developments. The design principles for the mixed use development included housing, ground floor retail frontages, outward facing developments and the insertion of new streets together with other complementary town centre uses such as retail and nighttime economy facilities as well as the possibility of a health hub, public space etc.

The public consultation on the brief was scheduled to finish on 23 November 2023 and it was anticipated that the brief would be approved by MKCC in early 2024.

On behalf of MKDP, the Special Projects Director, noted that the Development Brief was quite a technical planning document and most residents would be interested in the details of any proposed scheme. However there would be no scheme or details for some time. Once the brief was approved in early 2024 MKDP would seek a development partner to deliver the scheme and this procurement would likely take all of 2024. Design and planning applications would follow in 2025 and MKDP was working towards development starting on site in 2026. The tenants currently in the Brunel Centre were aware of this timetable and vacation point and the only activity anticipated earlier than 2026 (assuming the Brunel and Wilko site continued as at present) was the demolition of the former Sainsburys shopping unit which was scheduled in early 2024.

The chair raised a number of questions which had either been put forward by residents in advance of the meeting or arose from councillors. In response to questions the following points were made on behalf of MKDP.

- i Heritage As part of the Town Deal programme MKCC was already working on creating a narrative for Bletchley's brand identity as well as undertaking active marketing of sites and the Turing public art commission currently being procured could potentially be located in the public realm associated with this development. The former fire station site was due to be actively marketed after Christmas and this included potential for hotel development. The identity of Bletchley was being taken into consideration in these ways and would be included in consideration of any development scheme that came forward.
- ii S106 Obtaining planning gain via S106 agreements with developers can be very difficult but the fact that this site was owned by MKDP meant it could be easier to secure planning gain from the development partner. The scale of the site meant some civic and social gains could potentially be delivered physically on site eg a potential health hub.
- iii Nighttime economy The reference to nightclubs and casinos in the brief was drawn from the NPPF and the brief is not promoting those uses, possibly the brief could be changed to make it clearer that these are not preferred uses of the site.
- iv Green infrastructure and maintenance MKDP and MKCC agreed low maintenance green infrastructure was important even though high density flatted residential development was anticipated. MKDP was not supportive of excessive service charges and had been successful in avoiding these in other schemes elsewhere in Milton Keynes.
- v Carbon Net Zero Aspirations There would inevitably be trade offs between affordability, parking and net zero aspirations. MKDP want to deliver affordable homes as well as sustainable homes.

- vi Reasonable shop rents In MKDP's experience it was not high rents which were causing retailers to leave the town centre as evidenced by low rents available in the Brunel Centre and low demand. Footfall through the centre had not changed much and MKDP was open to talking to any potential retailers. The spaces were being advertised via a retail agent, advertising etc.
- vii Public WCs MKDP is supportive of public toilet provision because they increase dwell times though current toilets probably not in the right place. This issue was not likely to be forgotten by MKDP or the Town Deal.
- viii Disruption There will be no grants or compensation available for this, there will be a long process of engagement to go through which MKCC will work on with retailers. The site is quite self-contained so work can go on behind the hoardings but as a large scale development there will inevitably be disruption which MKDP will seek to minimize. There will not be a seamless transition of businesses from the Brunel Centre to the new retail units.

On behalf of MKCC the Senior Urban Designer noted that the section on the Neighbourhood Plan could be strengthened to reflect the current position of the developing Neighbourhood Plan.

Discussion followed on parking and it was agreed that the draft brief did not have a definitive number of parking spaces in part because work was going on with a parking study commissioned by MKCC. The results of the study would be available in early 2024 and the development would respond to the parking strategy which emerges from the study.

It was acknowledged on behalf of MKDP that substantial affordable housing could not come forward without a partnership with a developer with a lot of funding. The most obvious was Homes England who were interested in brownfield sites and had visited Bletchley. Representations should be put in now about the type and scale of affordable housing wanted.

It had been agreed that the consultation period would be extended to ensure additional consultation with the community living around Duncombe Street.

In response to questions it was noted that there was no plan for vehicular traffic to be routed from Queensway directly to Buckingham Road (ie through the Brunel site). Also that many buildings in Bletchley were in private ownership (eg former job centre) and neither the city nor the town council could control what is done on these sites. It was RESOLVED to adjourn the meeting for a few minutes to allow residents to leave if they wished to do so.

# Response to the public consultation on the development brief from Bletchley and Fenny Stratford Town Council

Following discussion it was RESOLVED that the clerk would seek permission for an extension to submission of the town council's formal response to the public consultation so that a draft response could be prepared for approval by the full council on Tuesday 28 November 2023.

It was RESOLVED that the draft response would include the following topics:

i Items which the town council supports eg the Eastern entrance for the station, the opening up of Queensway, the transport hub

also

ii Nighttime economy should not be limited but not promote the idea of nightclubs or casinos

- iii Service charges and green space maintenance want to protect residents from excessive service charges
- iv Net Zero insufficiently prominent but need to recognise mix of priorities
- v Public toilets
- vi Affordable housing needs and importance of it being truly affordable
- vii Neighbourhood Plan and emerging policies
- viii Parking and parking strategy, Duncombe Street and Oliver Road issues
- ix S106 must be invested in Bletchley
- x Heritage and unique identity of Bletchley should be referenced somehow
- FC23/24-85 Draft minutes of committee meetings held since the last meeting of council and to consider any recommendations therein
- FC23/24-85.i Minutes of meeting Tuesday, 10 October 2023 of Community Committee

council on 28 November 2023 as part of the consideration of the draft budget.

- FC23/24-85.ii Minutes of meeting Tuesday 7 November 2023 Employment Policy Committee
  It was RESOLVED that the draft minutes be noted.
  It was RESOLVED that the recommendation that a staffing budget for events be added to the budget for 2024 25 (minute reference EMPC23 24/62) be considered at
  - added to the budget for 2024-25 (minute reference EMPC23-24/62) be considered at full council on 28 November 2023 as part of the budget discussions.
- FC23/24-85.iii Minutes of meeting Tuesday 14 November 2023 Environment and Planning Committee

It was RESOLVED that the draft minutes of the meeting be noted.

FC23/24-85.iv Minutes of meeting Tuesday, 24 October 2023 of Finance and Governance Committee

It was RESOLVED that the draft minutes of the meeting be noted.

It was RESOLVED that the recommendation to approve the internal audit report completed on behalf of the town council by Auditing Solutions and dated 11 October 2023 be accepted (minute reference FC23/24-67). It was noted that there were no matters brought to the attention of the council in the report.

It was RESOLVED that the recommendation to approve the existing investment policy with no changes be accepted (minute reference FC23/24-69).

It was RESOLVED that the recommendation to approve the existing procurement policy with no changed be accepted (minute reference FC23/24-70).

It was RESOLVED that the recommendation to add £2,500 to the 2024-2025 budget to allow for increased frequency of waste collection from the 15 dog bins on the Newton Leys Estate be accepted. (Minute reference FC23/24-73.)

FC23/24-86 Proposal to amend the Finance and Governance Committee's recommendations on proposed changes to hire charges at Newton Leys Pavilion and Fenny Stratford Community Centre following market testing and research by officers

At the last meeting of the Finance and Governance Committee it had been recommended that several changes be made to the scale of charges for 2024-2025

(Minute reference 2023/24-72). Subsequently officers had undertaken further market research on local hall hire fees and therefore requested that the recommended increases to weekend hire rates at Newton Leys Pavilion and Fenny Stratford Community Centre be reconsidered.

It was RESOLVED that the recommendation for changes to the hire charges at Newton Leys Pavilion and Fenny Stratford Community Centre be deferred to the next meeting of full council on 28 November 2023.

It was RESOLVED that a recommendation that charges for photocopying be increased by 5p per sheet be approved.

It was RESOLVED that a recommendation that all other charges should be increased by CPI (July 2023) at a rate of 6.8% with effect from 1 April 2024 be approved.

The meeting closed at 9.08 pm

#### Proposed comments on the draft Brunel Centre Development Brief

Bletchley and Fenny Stratford Town Council welcomes the publication of a draft development brief. The town council supports the Vision Statement on page 5 of the brief and believes that the combined ownership of the sites within the brief can unlock positive opportunities for the development of Bletchley.

We note that the brief sits within the context of the Bletchley Urban Design Framework SPD, a policy which the town council strongly supports.

Community engagement work undertaken to inform that SPD, the Town Deal Investment Plan, and the developing Bletchley and Fenny Stratford Neighbourhood Plan points to the community's continued desire for change in the physical environment and appearance of the town centre as described at s 1.19.12 of the SPD.

The town council remains committed to the aspirations of

- Opening up the physical and visual links between the town centre and the railway station including provision of an Eastern facing entrance and changes to the Brunel site
- Improving the quality of the public realm especially safety and wayfinding
- 'Green' improvements to Queensway and creation of space for public/community activities and events
- Addressing car parking enforce illegal parking and plan for more car parks
- Reuse and redevelopment of empty buildings for new uses
- Improved access to the Redways network and improved facilities for pedestrians and cyclists including links to the station and greater permeability of the town centre
- Investment in culture and heritage to nurture the community and celebrate the area's distinctive heritage linked to Bletchley Park.

As well as the key placemaking themes shown in S3.5 of the illustrative masterplan in the SPD.

Therefore we have the following specific comments to make on aspects of the brief.

# Relationship to Central Bletchley Urban Design Framework SPD (adopted 2022)

As noted above, the town council is supportive of the Urban Design Framework SPD but the brief does not appear to take the SPD any further forward in terms of detail. The brief does not include land in the Town Centre West opportunity area of the SPD which includes the former Co-op building and the car parking land on Albert Street. Yet the SPD correctly defines the former Co-op building and the Wilko building as crucial to defining the northern side of a new larger Stanier Square. The Wilko building is already in the ownership of MKDP; but the brief seems to allow for the retention of this building in apparent contradiction of the SPD.

We welcome the parking study (which was proposed in the SPD) and is now being undertaken by MKCC and the commitment in the brief that the council will be commissioning a parking strategy for Central Bletchley (p35 – 4.8.6) but the exclusion of the current car parking sites on Albert Street and the failure to synchronize the development brief with the parking study completely undermines the value of the brief. Decisions about the numbers and distribution of car parking spaces affect the whole town centre not just the area contained within the brief and we argue it is premature to produce the brief without sight of the results of the study. The brief and the parking study outcomes and are streams of work which should inform each other.

#### Land uses

The land use requirements in the development brief are ambiguous and too flexible in comparison with the SPD. We would like to have seen more detail and stronger guidance for developers on the requirements for housing numbers, commercial space and mix, and potential community use. For example on page 31 at 4.2.5 the brief states it will support a range of complementary "main town centre uses" (as defined by the NPPF) including evening economy, community/leisure and cultural. This is not very specific and the next section 4.2.6 is vague about the requirement for a multi-use community hub which "might" house the Library and a Health Hub. We would ask that the potential relocation of public WCs is also included along with the provision of an indoor town centre community meeting space to replace that which has already been lost from the library in Westfield Road. The town council supports

the development of an evening economy but does not wish to see specific reference to nightclubs and casinos (p19 2.72)

The town council anticipates housing densities of 150 -250 per hectare as prescribed in HN1 of Plan:MK and notes that "taller buildings will be sought that capitalize on Central Bletchley's sustainable location". But the design requirements are also imprecise and we would welcome details about maximum building heights so that residents can understand what is planned and how it is justified. The town council would welcome strengthening of the parts of the brief that require that high standards of amenity should be provided along with good design for this housing (p34 - 4.6 and 4.7). Also, policy HN2 must be adhered to and the town council wants to see genuinely "affordable" housing provision which should include affordable service charges.

The town council supports mixed use development with retail development at ground floor level recognizing and welcomes the recognition in the brief that retail development should be capable of serving the daily and weekly convenience shopping needs of the increasing number of residents living in the town centre (p 31 - 4.2.2). It is recognized that provision of retail floor space of an equivalent size to the existing buildings may not be necessary. There is a limit to the to the volume of commercial floorspace which the town centre can sustain without risk to the critical mass of retail and commerce in Queensway. Active frontages with retail uses are considered important (p31 - 4.2.1) as are outward facing developments which connect with the public realm (p32 - 4.3.4). However the brief is not precise about spatial distribution of uses as it allows for any distribution on the three main development plots shown at p33 Fig12. So, for example, does this allow for commercial retail active frontages along the length of Oliver Road and Duncombe Street? This does not feel especially compatible with these residential terraces.

Within the brief there is little analysis or reflection on how the proposed redevelopment will impact on the rest of the town centre because it has been taken out of the context of the SPF which

#### **Public Realm and Green Space**

We agree that there are areas of poor-quality public realm around the edges of the Brunel Centre site (p27 - 3.4.4) and we want to see improved public realm provision

which is pedestrian and cycle friendly and which connects any new developments with the existing town centre, Stanier Square and Queensway. As well as the visual re-connection of Queensway and Buckingham Road there must be physical space for community events and activities both formal and informal and soft as well as hard landscaping "green" the area. We support the content at 4.5 of the brief (p 33- 34) but note that adequate provision must be made for the maintenance of any green spaces and soft landscaping which should not be derived primarily from service charges levied on leaseholders (fleecehold) but via alternative funding such as S106 commitments.

#### Sustainability, Flooding and Ecology

The town council shares the city council's carbon reduction objectives and would wish to see any development exceed policy SC1 in Plan:MK. However it is recognized that measures to mitigate the effects of climate change increase development costs and so we support 4.10, 4.11 and 4.12 as written though we would like to see the lowest carbon emissions possible.

#### Identity, heritage and public art

The Central Bletchley SPD talks about "Creating a' Place Identity' for Central Bletchley Building on Bletchley's history of technology and innovation to create a long term future for Central Bletchley focussed around an environment that supports sustainable and healthy life styles ." (p38) The brief refers to Bletchley's war time history, the proximity of the site to Bletchley Park tourist attraction and the IOT and National Museum of computing (eg p31 4.2.6) but it could place more emphasis on the role that this site could play in supporting tourism and acknowledging the heritage of our town. It is suggested that any public art which is funded by the development should recognize this heritage and that the design and or naming of buildings should seek inspiration from the local history and the vision of "Groundbreaking Bletchley and Fenny Stratford" which is embodied in the town deal's strap line.

The town council does recognise that opening the view from the town centre towards the station and increasing good pedestrian links between Bletchley town centre and the railway station/former fire station site could also assist with this goal.

#### **Bletchley and Fenny Stratford Neighbourhood Plan**

The town council asks that the development brief strengthens references to the emergence of policy ideas in the Bletchley and Fenny Stratford Neighbourhood Plan and encourages developers to actively engage with both town councils in respect of their NDPs.

#### **S106**

The town council and many residents are keen to influence any S106 agreements which arise out of proposed developments on this site. Whilst we recognise that this is not strictly part of our response to the brief itself, we would like to state now to both MKCC and MKDP that we hope to be involved at as early a stage as possible in consideration of planning gains from developments on this site.

Dear Sir/Madam,

Town and Country Planning Act 1990 (As Amended)
Town and Country Planning (Development Management Procedure) Order 2015
Application no: 23/02050/FUL

Proposal: Improved redway connectivity with associated works to Section 2 of the redway (Regulation 3 application under the Town and Country Planning General Regulations 1992)

At: Blue Lagoon Local Nature Reserve Drayton Road Bletchley

I have received the above application which can be viewed via the Council's Public Access system using the link: <a href="https://publicaccess2.milton-keynes.gov.uk/online-applications/applicationDetails.do?activeTab=summary&keyVal=S0VG2EKWKZ800">https://publicaccess2.milton-keynes.gov.uk/online-applicationDetails.do?activeTab=summary&keyVal=S0VG2EKWKZ800</a>.

I would be grateful to receive any comments you may have about the proposal by **11th December 2023.** Any objections must form a material planning consideration and should you wish for the application to be referred to the Planning Committee/Panel for determination; an explicit request must be made to that effect. If no reply is received within this period the application may be decided without your comments.

Where a request to refer an application to Planning Committee/Panel has been received from a Parish or Town Council, an undertaking to attend the meeting to address the Committee/Panel is expected. Failure to attend a Planning Committee/Panel, following an undertaking to so do, on two occasions within a 6 month Period will result in;

Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff  (b) an elected member  (c) related to a member of staff
(d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply?

13th November 2023

Dear Sir/Madam,

Town and Country Planning Act 1990 (As Amended)
Town and Country Planning (Development Management Procedure) Order 2015
Application no: 23/02051/FUL

Proposal: Retrospective application for improved redway connectivity with associated works to Section 4 of the redway (Regulation 3 application under the Town and Country Planning General Regulations 1992)

At: Blue Lagoon Local Nature Reserve Drayton Road Bletchley

I have received the above application which can be viewed via the Council's Public Access system using the link: <a href="https://publicaccess2.milton-keynes.gov.uk/online-applications/applicationDetails.do?activeTab=summary&keyVal=S0VG39KWKZ900">https://publicaccess2.milton-keynes.gov.uk/online-applicationDetails.do?activeTab=summary&keyVal=S0VG39KWKZ900</a>.

I would be grateful to receive any comments you may have about the proposal by **11th December 2023.** Any objections must form a material planning consideration and should you wish for the application to be referred to the Planning Committee/Panel for determination; an explicit request must be made to that effect. If no reply is received within this period the application may be decided without your comments.

Where a request to refer an application to Planning Committee/Panel has been received from a Parish or Town Council, an undertaking to attend the meeting to address the Committee/Panel is expected. Failure to attend a Planning Committee/Panel, following an undertaking to so do, on two occasions within a 6 month Period will result in;

- a. The Parish or Town Council being barred from requesting an application be referred to Planning Committee/Panel for a 3 month period from the date of the second incidence; and,
- b. Any applications within that Parish being determined in accordance with the Officer recommendation under delegated powers. This would also be for a concurrent 3 month period and would only take effect in cases where no other parties have lodged objections and requested the case be heard before a Planning Committee/Panel.

Yours faithfully,

**Charlotte Ashby Senior Planning Officer**

Our Ref: 23/02579/PRIOR

PP-12600095

Bletchley And Fenny Stratford Town Council, Sycamore House Drayton Road Bletchley Milton Keynes MK2 3RR

15th November 2023

Dear Sir/Madam,

Town and Country Planning Act 1990 (As Amended)
Town and Country Planning (Development Management Procedure) Order 2015
Application no: 23/02579/PRIOR

Proposal: Prior Approval for change of use of the existing ground floor commercial unit (Class E) to 3 x 1-bedroom residential units (Class C3)

At: Queensway House 207 - 209 Queensway Bletchley Milton Keynes MK2 2EE

I have received the above application which can be viewed via the Council's Public Access system using the link: <a href="https://publicaccess2.milton-keynes.gov.uk/online-applications/applicationDetails.do?activeTab=summary&keyVal=S440HTKW0NW00">https://publicaccess2.milton-keynes.gov.uk/online-applicationDetails.do?activeTab=summary&keyVal=S440HTKW0NW00</a>.

I would be grateful to receive any comments you may have about the proposal by **13th December 2023.** Any objections must form a material planning consideration and should you wish for the application to be referred to the Planning Committee/Panel for determination; an explicit request must be made to that effect. If no reply is received within this period the application may be decided without your comments.

Where a request to refer an application to Planning Committee/Panel has been received from a Parish or Town Council, an undertaking to attend the meeting to address the Committee/Panel is expected. Failure to attend a Planning Committee/Panel, following an undertaking to so do, on two occasions within a 6 month Period will result in;

- a. The Parish or Town Council being barred from requesting an application be referred to Planning Committee/Panel for a 3 month period from the date of the second incidence; and,
- b. Any applications within that Parish being determined in accordance with the Officer recommendation under delegated powers. This would also be for a concurrent 3 month period and would only take effect in cases where no other parties have lodged objections and requested the case be heard before a Planning Committee/Panel.

Yours faithfully,

Lucy Baxter Senior Planning Officer

Bletchley And Fenny Stratford Town Council, Sycamore House Drayton Road Bletchley Milton Keynes MK2 3RR

15th November 2023

Dear Sir/Madam,

Town and Country Planning Act 1990 (As Amended)
Town and Country Planning (Development Management Procedure) Order 2015
Application no: 23/02581/PRIOR

Proposal: Prior Approval for the change of use of part of the first floor from Class E (commercial) to

Class C3 (residential)

At: Queensway House 207 - 209 Queensway Bletchley Milton Keynes MK2 2EE

I have received the above application which can be viewed via the Council's Public Access system using the link: <a href="https://publicaccess2.milton-keynes.gov.uk/online-applications/applicationDetails.do?activeTab=summary&keyVal=S445XVKW0NW00">https://publicaccess2.milton-keynes.gov.uk/online-applicationDetails.do?activeTab=summary&keyVal=S445XVKW0NW00</a>.

I would be grateful to receive any comments you may have about the proposal by **13th December 2023.** Any objections must form a material planning consideration and should you wish for the application to be referred to the Planning Committee/Panel for determination; an explicit request must be made to that effect. If no reply is received within this period the application may be decided without your comments.

Where a request to refer an application to Planning Committee/Panel has been received from a Parish or Town Council, an undertaking to attend the meeting to address the Committee/Panel is expected. Failure to attend a Planning Committee/Panel, following an undertaking to so do, on two occasions within a 6 month Period will result in;

- a. The Parish or Town Council being barred from requesting an application be referred to Planning Committee/Panel for a 3 month period from the date of the second incidence; and,
- b. Any applications within that Parish being determined in accordance with the Officer recommendation under delegated powers. This would also be for a concurrent 3 month period and would only take effect in cases where no other parties have lodged objections and requested the case be heard before a Planning Committee/Panel.

Yours faithfully,

Lucy Baxter Senior Planning Officer

Bletchley and Fenny Stratford Town Council 28 November 2023

#### **Bletchley and Fenny Stratford Town Deal**

#### **Update Report 28 November 2023**

The most recent full meetings of the Town Deal Board took place on 28 September 2023 and 20 November 2023. Agendas and minutes can be found on Milton Keynes City Council's website within the ModGov system using the meeting dates or by consulting the Town Deal website at <a href="https://groundbreakingbletchleyandfenny.co.uk/about/meetings">https://groundbreakingbletchleyandfenny.co.uk/about/meetings</a>.

At the September meeting feedback was given from the chair of the Community Advisory Board, Cllr Veronica Belcher. The group had met twice at that point and membership of the groups was discussed as it was felt by some to be dominated by councillors. It was agreed to review the membership of the group.

The board received feedback from EWR and noted that requested community engagement event had taken place in Bletchley and Fenny Stratford Community Centre.

Concerns and developments relation to the Innovation Hub project were reported and it had become clear that there was a funding gap in delivering the Innovation Hub due to rising costs and the overall viability of the wider development on the former fire station site. The project team had also received feedback that the project would not be of interest to operators in a location like Bletchley as these projects were generally found in city centres. Although some operators were still interested in the project they could not offer meaningful guarantees of rent or the capital input which was necessary to meet the funding gap. It was agreed to continue consideration of options and to hold a further board meeting specifically to progress this matter.

The tendering for demolition of the old Sainsburys site had been completed. Wilko's had closed and MKDP was continuing active management of the Brunel Centre site as vacant possession was not anticipated until 2026/27. Meanwhile the Brunel Centre brief would be out for consultation during October/November 2023. There was discussion of community engagement and consultation on the Town Deal programme and it was agreed that a draft brief would be produced exploring a holistic approach to community engagement across the whole TD programme. (A draft document has been circulated to board members since this meeting.)

An update was provided on the transport hub and outline designs for the thinning of Saxon Street had been sent to board members. The preferred option was to potentially delete the northbound carriage way. These designs would be refined and reviewed alongside traffic data and public engagement was planned. Discussions continued with EWR about an eastern entrance to the railway stations but funding had not been agreed. The board expressed frustration at the lack of progress.

The public realm improvements to Queensway and Aylesbury Street were being developed and a long list of interventions was being considered by highways teams at MKCC. A revised list of options would be brought back to the board at a later date.

The Redway project was progressing and well and on completion of sections 4 and 4 section 2 would be delivered. Unfortunately there were still land use problems with section 5 but work continued.

The Tech Park project was on track.

Block E at Bletchley Park would be used by the international media for the AI summit in November and the wartime building was handed back in June was being used for the learning programme with schools and young people.

There was no further update on the Fibre project.

Active Marketing of Vacant Sites continued and this project was on track. A contract had been awarded to Whistlejacket London to develop a narrative for Bletchley.

At this meeting it was confirmed that an overarching parking study had been developed and was being discussed with consultants by MKCC.

Unfortunately the heritage lottery fund bid for the Blue Lagoon had been unsuccessful but it was hoped to revisit the bid following further investigation work. There was potential for this as a new strategy had been announced by Heritage Lottery.

The Board noted a budget update on the programme.

At the request of the BFSTC Clerk there was a discussion on the Albert Street toilets and an update on the current situation regarding security of tenure which is well known to Town Councillors. It was agreed to take the discussion outside the board meeting. Other members of the board agreed that refurbishing an inadequate facility was not acceptable and the board should be looking at changing place facilities in the town centre.

At the meeting on 20 November 2023 the board concluded that the Innovation Hub could not be delivered in budget and an alternative project would not be possible as DLUHC would deem it very high risk at this stage in the project. Therefore it was planned to reallocate the funds to other projects. Any projects in receipt of additional funding would need to have a reassessed Benefits Cost Ratio (BCR) to confirm they still represent good value for money. It was confirmed that MKCC would be appointing a retained consultant for business case development, who would be able to assist with re-evaluating BCR's meaning that no additional procurement for this task would be required. Additional approval will also be required from the S151 Officer. A meeting was due to take place on 24 November to obtain this approval.

The next meetings of the board are on 19 December 2023 and 18 March 2024.

Since the board meetings it has been agreed that public consultation on the parking study will take place as follows:

- Wednesday 6th December 17:30-19:30 Bletchley Library
- Saturday 9th December 11am-1pm Fenny Stratford Community Centre
- Monday 11th December 9:30-11:30am Bletchley Library
- Tuesday 12th December 17:30-19:30 Institute of Technology

Councillors are encouraged to help promote these sessions and to attend themselves to share their individual views.

## Background

Additional funding is required to ensure the success and inclusivity of the remaining events for 2023-2024.

The **Street Iftar event and Easter** are integral components of the community engagement initiatives, fostering unity, diversity, and understanding among our residents. These events have proven to be invaluable in bringing people from various backgrounds together.

At the last community committee, it was RESOLVED to note and support the remaining calendar of events for 2023-2024 which included the above and the budget of £5k for Lunar New Year and up to £9k for Street Iftar.

\*Due to time constraints, it has been proposed to remove the Lunar New Year celebration. \*

#### **Detailed Considerations/Information**

#### Iftar (March 16<sup>th</sup> 2023)

Iftar is an event organised as part of Ramadan. These events invite people from all faiths and none to come together during Ramadan to break their fast and create spaces of mutual dialogue, engagement, and exchange. Breaking down barriers

This event involves the council providing a meal and facilitating discussion and performances. We can add a theme /thinking point such as "our impact on the environment".

Normally running at the time of breaking a fast from 5.30pm – 9pm

Costs include – Venue Hire (Palatial Hall), decoration, food and entertainment.

## Easter (March 30<sup>th</sup> 2023)

To be hosted on Stanier Square. Majority of the budget to cover provided food (afternoon teaboxes) and visit from an Easter Bunny, plus crafts and other entertainment.

#### **Financial Implications**

#### Street Iftar – Total 9k

The Palatial Hall venue hire and the decoration for 200 guests + Security = £6315

Food and entertainment provision = £2,685 for up to 200 guests

Easter – Total £3k (including the £1k already budgeted)

#### Officer Recommendation

To agree the removal of Lunar New Year Celebration and approve spending to host the Street Iftar and increased budget for Easter to £3k.

## **Background**

The 2023 Residents survey was published at the beginning of October 2023 in both digital and printed formats with a closing date of the 24 November 2023.

It has been shared via:

- Town Council website.
- All social media channels/platforms and online resident groups.
- Boosted through paid ads on social media.
- Included in 'The Neighbour' (nearly 9000 copies).
- Digital newsletter.
- Printed copies given out/collected at various locations including the library in the town.

#### **Detailed Considerations/Information**

So far 173 responses have been received with a split of:

120 Digital

#### • 53 Printed

The report attached shows the results of the digital responses so far including individual comments.

## **Financial Implications**

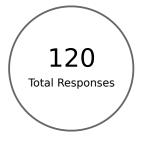

None

#### Officer Recommendation

The deadline for the survey is extended to the 8 December 2023 to allow further responses to be collected. The Christmas event can be a place where we can ask residents to fill in either online or on printed copies. The results can then be presented back in January.

Bletchley and Fenny Stratford Town Council consists of 21 councillors who are elected (or in some cases co-opted) to represent the local community. It is a statutory body which forms part of the first tier of local government. The town council is wholly independent of Milton Keynes City Council though we work with the city council and many other partner organisations. Our councillors are supported by a team of employees who implement the day-to-day work of the council.

Like all local councils, our work falls into three main categories:

- · representing the local community
- delivering services to meet local needs
- · working to improve community well-being and quality of life

and is funded by a tax known as a precept which is paid by local residents and is collected as part of the council tax.

We are asking you to give us your views about the services and support we provide to residents. This feedback is really important in helping councillors to decide the town council's priorities.

There are lots of services we cannot provide such as rubbish collections, schools, social care, planning, street lighting and road maintenance because these are all MKCC services. We will help where we can, but we cannot do this work ourselves. Our existing services include management of community centres, community events and specialist markets, Christmas lights, public toilets, allotments, youth clubs, holiday play schemes, CCTV cameras to deter and detect anti-social behaviour and many others. Recent feedback encouraged the council to take on landscaping maintenance and to provide warm spaces and money saving advice surgeries during the winter.

Please complete the survey and have your say about what matters most to you. You can tear out and fill in the questionnaire on the next page, and drop it in to any of the following:

Sycamore House, Drayton Road, Bletchley MK2 3RR

Fenny Stratford Community Centre, George Street, Bletchley MK2 2NR

Spotlight Community Centre, Bletchley MK2 3QL

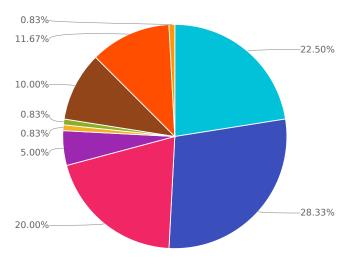

Newton Leys Pavilion, Furzey Way MK3 5SP

Thank you for sharing your views, which will be taken into consideration in council decision making.

- 69. Community policing backed by attending by police
- 70. Bring life back into Bletchley, for someone who grew up in this town & now works in the town, over the years it's slowly gone down hill
- 71. nc
- 72. Bring the market back to Bletchley, there are so many elderly people that love fruit and veg markets, young stalls for the teenagers, kitchen supplies stall, food vendors on a regular basis on a Thursday

  Page 115

- 73. Local supermarkets instead of having to go to large edge of town as stores as not always easy to access if do not drive
- 74. Bring the bus service back to the lakes estate to allow disabled, vulnerable and elderly people have access to the town centre and afar without having to walk out of their physical ability
- 75. No
- 76. N/a
- 77. Support those who need to move to more appropriate housing in finding a swap because The Lakes Estate isn't a highly sought after area and people like me are left struggling to get into said accommodation
- 78. Our own dedicated traffic warden/officer in Queensway high street and surrounding roads for pedestrian safety due to pavement parking
- 79. B & FS town council have done an amazing job at creating a community and increasing the offer available to residents. My family have benefited greatly from what's on offer and we are extremely grateful
- 80.0
- 81. A service to stop cars parking where they want in town
- 82. markets back in bletchley, maybe use the old co-op for an indoor market
- 83. Being a supermarket back to Town centre
- 84. Increase safety on streets
- 85. Bus service

- 5. I think it would be nice for someone to clean the grave stones in the local area its all very cleaning/mowing the landscape/repairing etc, but leaving the graves stones filthy!!!
- 6. No all good
- 7. You are all doing an amazing job. I think the council is being led very well. You're both responsive and I know that you do a lot of work to make sure that Taylor Wimpey does what they should be doing. I can't wait for you to take over responsibility.
- 8. Please hire traffic wardens, queensway is a nightmare. You will make money from all the notices they dish out
- 9. More shops
- 10. No
- 11. No
- 12. Stop vehicles parking on pavements along Queensway anytime during the day. Remove pavement A boards. Introduce and enforce acceptable levels of tidyness on retail businesses, and replace the third world country appearance of Queensway
- 13. Awful garbage smell from the waste management area even with windows closed!! Too close to residential area!
- 14. Thanks
- 15. More New shops less residential building, better parking restrictions which are enforced, or having a system that allow residents to check if a car has a permit and report it if not as we have lots of workers from the building site parking down our roads all day when they are only allowed to park for 2 hours
- 16. Over flowing bins at serpingtine courts ain't seen no street cleaners about
- 17. No
- 18. None
- 19. The sooner TW get out of Newton leys the better
- 20. No
- 21. Please disregard my answer to 9. The question (and this one) are mandatory and none of the answers are relevant to me. I would also like to point out the pointlessness of this survey. You have not limited peoples ability to pick more than one item and all of the services you have shown are public services no one would like to see diminished. Perhaps asking people to prioritise public services to them would be of more benefit. Also, I would like to clearly state my dissatisfaction with the decision to hand our local football pitches to a team from another part of Milton Keynes without consultation. My son attends a local football group and we are very disappointed there was no opportunity for all local teams to share access to the venue. The council has an obligation (under its own strategy may I add) to invest in local community groups to allow them to grow, rather than making a quick profit off of already well established groups. If the local council will not invest in community groups to help them grow, no one will, and they will collapse.
- 22. No
- 23. The traffic noise in vicarage Road area is terrible, backfiring cars, speeding on the roads, need traffic calming measures
- 24. I wish local business would take more pride in our community. I feel like the roads and sidewalks are poorly maintained and unsafe.

Page 123

- 25. Nothing, thank you.
- 26. An English supermarket, there are a lot of people that have relied on the shops in Queensway, not everyone has transport or can carry shopping on bus! An occasional food market is not the answer.
- 27. No
- 28. We urgently need a health visitor clinic in East Bletchley, the only one is West Bletchley and it's not accessible for those without access to a car. It's also over subscribed so sometimes new parents who have travelled have to wait hours to be seen. Bring back the one at Saplings please! I would also like to see an open air cinema as in West Bletchley. More cafés and activities for young people in the high street and better community events at the blue lagoon. More communication on the neighborhood plan please. The Council are clearly working very hard to improve services, events and communication with residents, please keep up the good work. Looking forward to seeing how Bletchley will improve with more investment in the area
- 29. No
- 30. No
- 31. No
- 32. You got 30+ million from east west rail yet bletchley town is a hole! You pay yourselves on the back for a redway! Turn the town into its former glory
- 33. N/A
- 34. No
- 35. I feel no support coming from local councillors, most of the time if there are news- these are negative. In my opinion Newton Leys community been let down too many times.
- 36. Maybe the councillors will reply to emails!!
- 37. Nothing for now, thanks
- 38. N/A
- 39. Nothing I can think of
- 40. No
- 41. No
- 42. No
- 43. Why isn't there a none box eg on question 9. Am I supposed to invent a disability. I just ticked everything as I have none of these Usual crap survey by the council
- 44. No
- 45. Parking issues, anti social behaviour problem and lack of police presence. The 20mph speed limit is not consistent with common sense in surrounding areas and is not enforced enough
- 46. More socials/classes/ activities for lonely residents Well done on organising a litterpick,I could really see the difference. More info on what is taking place in Blue Lagoon,and if there will be a community lodge built. More Winter warm spaces
- 47. Stop wasting money on your office when we are in cost of living crisis
- 48. Put pressure on MKC to improve traffic control parking issues. Not fit for purpose. Review contract terms. Provide more disabled parking bays near to shops. Hold MKC more to account for the degeneration of Bletchley.
- 49.
- 50. Newton leys I feel is being left very short of any support or help from the town council as the roads are not adopted We are all being hounded by private landscapers who do nothing Yet we feel in supported by all of our local councillors
- 51. Hold Taylor Wimpy accountable for the estate they have already built before letting them build more houses. Bring our football pitches back into the hands of Newton Leys residents. Sort out the stench of the landfill. Question 9 needs revisiting as none apply
- 52. No
- 53. None
- 54. Although this is probably the responsibility of the wider MKCC, the state of the roads particularly Simpson Road is awful and the amount of rubbish/broken glass/dog waste etc on the streets of Fenny Stratford and along the canal towpath is disgusting.

- 55. More use of the community centre in Fenny Stratford would good. Improve safety of Simpson Road with speed bumps or some kind speed restriction put in place, also would be nice to see local councillors visit households in and around Fenny Stratford
- 56. Bletchley town center has been left behind
- 57. N/A
- 58. Yes , I would like to thank the landscaping team for the amazing work they have been doing. If the area you live in is tidy then others might feel responsible for doing their own bit too. Question 9 does not give you the option to decline any if the options given. It ask you Would you consider so therefore there should be an option for none of the above so you will find an erroneous tick made that should not be included. Thoughts fir the future when wording questions
- 59. .
- 60. No
- 61. .
- 62. On reducing services support those services mentioned landscaping, addition of addressing litter, community events, supporting renewal of playparks. Other services could be reviewed for cost effectiveness (if users could pay to contribute more towards cost of staff e.g. allotment fees) or if alternative funding could be sort e.g. grants from other foundations for community activities with the council supporting bids rather than granting funding. Could also invest in energy efficiency/solar energy for council property to reduce running costs. Potentially seek commercial arrangements with toilet providers e.g. local cafes (welcoming approach) that could meet needs without separate public toilets. On swimming services could retarget or suspend (unless more cost effective than direct application.
- 63. As stated above put dog bins back at the canal sites
- 64. Improvement on dog bin emptying
- 65. No
- 66. You should be ashamed of yourselfs allow the town to be a lawless place where people do what they like, your excuses of enforcement officers is laughable, shocks us all be actually doing something, you got tens of millions from east west rail spend it make the town what it used to be, safe clean and busy
- 67. Bletchley needs for 6 months a dedicated team to penalty fare and move on these cars in Queensway, please leave your office and see first hand both day and night
- 68. Why is the butcher's in town parking offences ignored?
- 69. Who in the council will be out voice about bletchley I'm personally ashamed
- 70. .
- 71. no
- 72. Bring back the market in bletchley
- 73. Send out notifications of services available to the elderly and disabled so they know what is happening in Fenny Stratford like local shops and community events
- 74. Again I would just like to elaborate on the lakes estate community feeling lost and forgotten about. First we lost the majority of the shops on our estate now the bus that serviced around Windermere has gone. A lot of the community are feeling isolated and forgotten about. You only have to look around the estate to see how overgrown the hedges, sidewalks and pavements are. Some are inaccessible leaving disabled and pram pushers hard to get about. It's run down and nothing seems to improve. However a stone throw away you have Newton leys and ho now have two busses to access, they have a major supermarket and several smaller shops and food establesments to access they even have a pub which brings a community together. Their residents issue a concern and it seems to be rectified instantly; their walkways and pavements are kept clean and tidy too.
- 75. None
- 76. N/a
- 77. Not for now

- 78. Please invest in a pedestrian crossing on Findlay way and concrete bollards all the way up the high street to make it safe again. It's currently very dangerous for the elderly and young children with the current parking issues. Speeding on Queensway and Brooklands Road has remained an issue for many years, this needs addressing. A range of shops in the high street could be encouraged to attract shoppers, residents are fed up with barbers and nail bars. Carparks are being used by train users who park all day for free and go to London- this stops parking for the town centre which increases pavement parking. Make a 3 hour limit and send daily parking enforcement. Please empty local bins in park areas, especially dog poo bins more often before they overspill.
- 79. Na

- 85. More shops, and less nail bars
- 86. No
- 87. try to get bus service renewed in Windermere drive it really effects people who have a disibility with walking long distances to nearest bus stop and do not drive it is a public service and the council must have some power to help with this as i know that Arriva are a private company and we cannot even use M.K.Connect unless you have a mobile phone help and some form of communication to the public about this would help let the public know what is going on not officers of your council saying they are trying to get information on this then hearing nothing does not look good with respect to your council officers in the publics eye thank you
- 88. Maintaining the lake and greenery around newton leys, cutting down the wild bushes.
- 89. Support those struggling with visible parts of their garden / overgrowth (strategy would have to protect this from abuse) e.g. there is a person next to me who clearly has a garden which is out of control and never will be controllable without professional assistance (due to the size of trees)... the result is that it lets down the whole neighbourhood and creates alley ways which are difficult to negotiate
- 90. Bletchley and fenny are going downhill rapidly. Parking over pavements never addressed. Lack of attractive and practical shops in highstreet. Overgrown public areas and alleyways. As a resident for 50+ years it is no longer a desirable place to visit or live. So much more could be done with sensible planning and thought. Mental and wellbeing support is a great area of concern as well as safety. I no longer feel safe walking in the highstreet once dark, even during the day trying to avoid unsociable behaviour
- 91. Fight for getting the landfill closed
- 92. NA
- 93. On precepts no increase but better services is not a option therefore not a good survey question guide outcome! Maybe stop wasting money on your office and hall and put money into residents
- 94. We'd love your support campaigning against the Newton Leys landfill. The amount of methane gas in the air feels like it could be toxic and all residents are starting to smell it when both in and outside their homes
- 95. Reduce the precept so it's not the second most expensive in Milton Keynes
- 96. Question 9 should have had an option for none of the above.
- 97. Bletchley town looks dirty and filthy and uncared for, with barely any top branded stores left, it has too many of the same thing, you cant come to bletchley and spend hours anymore shopping
- 98. Keep on doing the great stuff you are doing to try and make the area a more supportive community.
- 99. Parking in bletchley town is appalling but that's well known and nothing seems to ever be done about it!
- 100. Thank you

Strategic Priorities 2021-2025

Priorities1			

### Our vision

A brighter Bletchley and Fenny Stratford, a great place to live and work

#### Our Mission

To work in partnership with the community for the best future for Bletchley and Fenny Stratford

#### **Our Values**

## **Positive**

We are here to build up our community, we are always positive about Bletchley and Fenny Stratford

#### Respect

We treat others as we wish to be treated ourselves

#### Integrity

We are honest, transparent and open

#### **Diversity**

We value the diversity of our community, appreciating different cultures, ideas, thoughts and perspectives

#### Excellence

We have high expectations of ourselves, we embrace a will-do attitude

#### **Pride**

We are proud to represent Bletchley and Fenny Stratford and to work hard for our community

## Our strategic priorities

#### 1 Cleaner & greener

- We want our neighbourhoods and towns to be pleasant and attractive places to live and work
- We will contract with people who support our vision
- We will seek to be carbon neutral before 2030

## 2 Proud of our past and our future

- We will seek to protect the history of our neighbourhoods and towns
- We will work with the community to plan for the development and regeneration of our neighbourhoods and towns
- We will do our best to leverage both residential and transport infrastructure investments coming into our community for the benefit of local residents

#### 3 Robust with resources

- Our goal is to allocate money to things that improve our residents lives
- We will build a long term financial plan
- We will look to deliver services in the most efficient way, through partners or joint working with other bodies
- We will invest in digital service provision to make us more efficient
- We will use local service providers wherever we can

## 4 Closer to our community

- We will consult on major decisions affecting our community and our decision making will reflect what is important to our community
- We will support the development of local community groups/social enterprises and initiatives which promote community resilience
- We will listen before we act and we will explain our decisions

#### 5 Supporting wellbeing and safety

- We will work with partners and other statutory services to increase community safety
- We invest in services which allow our residents to feel healthy and safe on both an emotional and physical level
- We encourage our community to treat each other with kindness and respect

#### 6 We will make things happen

- We will be open to working in different ways and adopting new services, even if they are currently provided by another authority
- We will work in active partnership with other bodies but as the democratically elected body closest to voters we want to be the lead for our community
- We are here to make a difference for now and for the future

## **Definitions Budget Preparation**

#### **Revenue Budget**

Before the start of each financial year, we need to set a budget for our day-to-day expenditure. This is called the Revenue Budget and is the amount of money we'll need to provide our services during the year, taking into account any income generated through the hire of facilities and any grants we may receive. Examples include staff salaries, building maintenance, contributions to the rolling capital programme and the costs of running council vehicles.

#### **Rolling Capital Programme**

The revenue budget contributes a predetermined sum into the Rolling Capital Programme, which is defined as the planned capital expenditure over the next five years. Capital expenditure is usually spending of a 'one-off' nature and results in the construction or improvement of an asset such as a building or the acquisition of, for example, a new vehicle.

#### **Medium Term Financial Plan**

The purpose of this Medium Term Financial Plan (MTFP) is to set out the five-year financial forecast for the council, taking account of strategic priorities and the current delivery plan. The MTFP pulls together, in one place, all known factors affecting the council's financial position and financial sustainability over the medium term (i.e. over a five-year period). The MTFP integrates revenue budgets, the rolling capital programme and projected reserves based upon assumed levels of inflation and anticipated changes in the tax base.

#### **Tax Base**

The "tax base" is the number of Band D equivalent dwellings in a local authority area. To calculate the tax base for an area, the number of dwellings in each council tax band is adjusted to take account of any discounts, premiums or exemptions. The tax base is determined by the principle authority, i.e. Milton Keynes City Council. Adjustments made to the tax base can be for any of the following reasons;

- Increase in dwellings due to developments
- Increased engagement with billpayers arising from the implementation of the Energy Rebate scheme which has resulted in the re-categorisation of properties (empty dwellings/second homes)
- Reviews of empty properties
- Delays with probate
- Increased awareness of discounts for households with a resident living with a severe mental impairment, as well as other local authority schemes
