

## Previous correspondence to town and parish councils for information only

Please find attached the list of September service changes provided by operators. These will also be published on the transport hub of the MKCC website.

Please note that services in Milton Keynes are fully commercially delivered by operators, with the following exceptions:

33/33A contracted by MKCC, 21 & 41 partially contracted by MKCC, 150 diversion through Coffee Hall contracted by MKCC.

MKCC only sets the timetable and routing for the 33/33A and adds journeys to the other services. All remaining services are determined in full by the operator.
