Bletchley and Fenny Stratford Town Council consists of 21 councillors who are elected (or in some cases co-opted) to represent the local community. It is a statutory body which forms part of the first tier of local government. The town council is wholly independent of Milton Keynes City Council though we work with the city council and many other partner organisations. Our councillors are supported by a team of employees who implement the day-to-day work of the council.

Like all local councils, our work falls into three main categories:

- representing the local community
- delivering services to meet local needs
- working to improve community well-being and quality of life

and is funded by a tax known as a precept which is paid by local residents and is collected as part of the council tax.

We are asking you to give us your views about the services and support we provide to residents. This feedback is really important in helping councillors to decide the town council's priorities.

There are lots of services we cannot provide such as rubbish collections, schools, social care, planning, street lighting and road maintenance because these are all MKCC services. We will help where we can, but we cannot do this work ourselves. Our existing services include management of community centres, community events and specialist markets, Christmas lights, public toilets, allotments, youth clubs, holiday play schemes, CCTV cameras to deter and detect anti-social behaviour and many others. Recent feedback encouraged the council to take on landscaping maintenance and to provide warm spaces and money saving advice surgeries during the winter.

Please complete the survey and have your say about what matters most to you. You can tear out and fill in the questionnaire on the next page, and drop it in to any of the following:

Sycamore House, Drayton Road, Bletchley MK2 3RR

Fenny Stratford Community Centre, George Street, Bletchley MK2 2NR

Spotlight Community Centre, Bletchley MK2 3QL

Newton Leys Pavilion, Furzey Way MK3 5SP

Thank you for sharing your views, which will be taken into consideration in council decision making.

48. Meet your Councillors "Drop in Sessions" held in Town. Since we lost the offices in Queensway. (EG The Library or Westfield Rd Centre as do West Bletchley Councillors
49. More activities for the under 5s
50. Well Newton leys community can't access football pitches on the pavilion as you have sold them off who pays for their upkeep
51. I think the council does a diabolical job at representing Newton Leys. The poor people know their voice is wasted and the council will just except funds from the highest bidder regardless of its impact on the local community.
52. If you could allocate more parking for residents as I find parking non existent my wife who finds it difficult to walk cannot park outside our house anymore because of the fencing you put up please help
53. None

63. Replace dog bins near canal .which have been there for years that have for some reason been removed
64. None
65. Ger rid of Taylor Wimpey and the landfill site
66. How about make revenue from all the illegal cars parked in queensway
67. A safe environment to walk in?
68. Not sure what services could be added but I do know how to fund them,invest in parking cameras in Queensway
69. Community policing backed by attending by police
70. Bring life back into Bletchley, for someone who grew up in this town & now works in the town, over the years it's slowly gone down hill
71. no
72. Bring the market back to Bletchley, there are so many elderly people that love fruit and veg markets, young stalls for the teenagers, kitchen supplies stall, food vendors on a regular basis on a Thursday

73. Local supermarkets instead of having to go to large edge of town as stores as not always easy to access if do not drive
 74. Bring the bus service back to the lakes estate to allow disabled, vulnerable and elderly people have access to the town centre and afar without having to walk out of their physical ability
 75. No
 76. N/a
 77. Support those who need to move to more appropriate housing in finding a swap because The Lakes Estate isn't a highly sought after area and people like me are left struggling to get into said accommodation
 78. Our own dedicated traffic warden/officer in Queensway high street and surrounding roads for pedestrian safety due to pavement parking
 79. B & FS town council have done an amazing job at creating a community and increasing the offer available to residents. My family have benefited greatly from what's on offer and we are extremely grateful
 80. 0
 81. A service to stop cars parking where they want in town
 82. markets back in bletchley, maybe use the old co-op for an indoor market
 83. Being a supermarket back to Town centre
 84. Increase safety on streets
 85. Bus service
 86. Activities for teenagers to keep them off the streets
 87. A decent Market
 88. Definitely more landscaping

10. Many thanks for completing this survey. We will use your views to help decide on how we deliver services and support in the future.

If there is anything else you would like to tell us about, please pop it in the box below.

Answered: 209 Skipped: 0

1. Test
2. NA
3. No thanks
4. No
5. I think it would be nice for someone to clean the grave stones in the local area its all very cleaning/mowing the landscape/repairing etc, but leaving the graves stones filthy!!!
6. No all good
7. You are all doing an amazing job. I think the council is being led very well. You're both responsive and I know that you do a lot of work to make sure that Taylor Wimpey does what they should be doing. I can't wait for you to take over responsibility.
8. Please hire traffic wardens, queensway is a nightmare. You will make money from all the notices they dish out
9. More shops
10. No
11. No
12. Stop vehicles parking on pavements along Queensway anytime during the day. Remove pavement A boards. Introduce and enforce acceptable levels of tidyness on retail businesses, and replace the third world country appearance of Queensway
13. Awful garbage smell from the waste management area - even with windows closed!! Too close to residential area!
14. Thanks
15. More New shops less residential building, better parking restrictions which are enforced, or having a system that allow residents to check if a car has a permit and report it if not as we have lots of workers from the building site parking down our roads all day when they are only allowed to park for 2 hours
16. Over flowing bins at serpingtine courts ain't seen no street cleaners about
17. No
18. None
19. The sooner TW get out of Newton leys the better
20. No
21. Please disregard my answer to 9. The question (and this one) are mandatory and none of the answers are relevant to me. I would also like to point out the pointlessness of this survey. You have not limited peoples ability to pick more than one item and all of the services you have shown are public services no one would like to see diminished. Perhaps asking people to prioritise public services to them would be of more benefit. Also, I would like to clearly state my dissatisfaction with the decision to hand our local football pitches to a team from another part of Milton Keynes without consultation. My son attends a local football group and we are very disappointed there was no opportunity for all local teams to share access to the venue. The council has an obligation (under its own strategy may I add) to invest in local community groups to allow them to grow, rather than making a quick profit off of already well established groups. If the local council will not invest in community groups to help them grow, no one will, and they will collapse.
22. No
23. The traffic noise in vicarage Road area is terrible, backfiring cars, speeding on the roads, need traffic calming measures
24. I wish local business would take more pride in our community. I feel like the roads and sidewalks are poorly maintained and unsafe.

25. Nothing, thank you.
26. An English supermarket, there are a lot of people that have relied on the shops in Queensway, not everyone has transport or can carry shopping on bus! An occasional food market is not the answer.
27. No
28. We urgently need a health visitor clinic in East Bletchley, the only one is West Bletchley and it's not accessible for those without access to a car. It's also over subscribed so sometimes new parents who have travelled have to wait hours to be seen. Bring back the one at Saplings please! I would also like to see an open air cinema as in West Bletchley. More cafés and activities for young people in the high street and better community events at the blue lagoon. More communication on the neighborhood plan please. The Council are clearly working very hard to improve services, events and communication with residents, please keep up the good work. Looking forward to seeing how Bletchley will improve with more investment in the area
29. No
30. No
31. No
32. You got 30+ million from east west rail yet bletchley town is a hole! You pay yourselves on the back for a redway! Turn the town into its former glory
33. N/A
34. No
35. I feel no support coming from local councillors, most of the time if there are news- these are negative. In my opinion Newton Leys community been let down too many times.
36. Maybe the councillors will reply to emails!!
37. Nothing for now, thanks
38. N/A
39. Nothing I can think of
40. No
41. No
42. No
43. Why isn't there a none box eg on question 9. Am I supposed to invent a disability. I just ticked everything as I have none of these Usual crap survey by the council
44. No
45. Parking issues, anti social behaviour problem and lack of police presence. The 20mph speed limit is not consistent with common sense in surrounding areas and is not enforced enough
46. More socials/classes/ activities for lonely residents Well done on organising a litterpick,I could really see the difference. More info on what is taking place in Blue Lagoon,and if there will be a community lodge built. More Winter warm spaces
47. Stop wasting money on your office when we are in cost of living crisis
48. Put pressure on MKC to improve traffic control parking issues. Not fit for purpose. Review contract terms. Provide more disabled parking bays near to shops. Hold MKC more to account for the degeneration of Bletchley.
49. .
50. Newton leys I feel is being left very short of any support or help from the town council as the roads are not adopted We are all being hounded by private landscapers who do nothing Yet we feel in supported by all of our local councillors
51. Hold Taylor Wimpy accountable for the estate they have already built before letting them build more houses. Bring our football pitches back into the hands of Newton Leys residents. Sort out the stench of the landfill. Question 9 needs revisiting as none apply
52. No
53. None
54. Although this is probably the responsibility of the wider MKCC, the state of the roads particularly Simpson Road is awful and the amount of rubbish/broken glass/dog waste etc on the streets of Fenny Stratford and along the canal towpath is disgusting.

55. More use of the community centre in Fenny Stratford would good. Improve safety of Simpson Road with speed bumps or some kind speed restriction put in place, also would be nice to see local councillors visit households in and around Fenny Stratford
56. Bletchley town center has been left behind
57. N/A
58. Yes , I would like to thank the landscaping team for the amazing work they have been doing. If the area you live in is tidy then others might feel responsible for doing their own bit too. Question 9 does not give you the option to decline any if the options given. It ask you Would you consider so therefore there should be an option for none of the above so you will find an erroneous tick made that should not be included. Thoughts fir the future when wording questions
59. .
60. No
61. .
62. On reducing services - support those services mentioned - landscaping, addition of addressing litter, community events, supporting renewal of playparks. Other services could be reviewed for cost effectiveness (if users could pay to contribute more towards cost of staff e.g. allotment fees) or if alternative funding could be sort e.g. grants from other foundations for community activities - with the council supporting bids rather than granting funding. Could also invest in energy efficiency/solar energy for council property to reduce running costs. Potentially seek commercial arrangements with toilet providers e.g. local cafes (welcoming approach) that could meet needs without separate public toilets. On swimming services could retarget or suspend (unless more cost effective than direct application.
63. As stated above put dog bins back at the canal sites
64. Improvement on dog bin emptying
65. No
66. You should be ashamed of yourself allow the town to be a lawless place where people do what they like,your excuses of enforcement officers is laughable,shocks us all be actually doing something,you got tens of millions from east west rail spend it make the town what it used to be,safe clean and busy
67. Bletchley needs for 6 months a dedicated team to penalty fare and move on these cars in Queensway,please leave your office and see first hand both day and night
68. Why is the butcher's in town parking offences ignored?
69. Who in the council will be out voice about bletchley I'm personally ashamed

71. no
72. Bring back the market in bletchley
73. Send out notifications of services available to the elderly and disabled so they know what is happening in Fenny Stratford like local shops and community events
74. Again I would just like to elaborate on the lakes estate community feeling lost and forgotten about. First we lost the majority of the shops on our estate now the bus that serviced around Windermere has gone. A lot of the community are feeling isolated and forgotten about. You only have to look around the estate to see how overgrown the hedges, sidewalks and pavements are. Some are inaccessible leaving disabled and pram pushers hard to get about. It's run down and nothing seems to improve. However a stone throw away you have Newton leys and ho now have two busses to access, they have a major supermarket and several smaller shops and food establishments to access they even have a pub which brings a community together. Their residents issue a concern and it seems to be rectified instantly; their walkways and pavements are kept clean and tidy too.

77. Not for now

78. Please invest in a pedestrian crossing on Findlay way and concrete bollards all the way up the high street to make it safe again. It's currently very dangerous for the elderly and young children with the current parking issues. Speeding on Queensway and Brooklands Road has remained an issue for many years, this needs addressing. A range of shops in the high street could be encouraged to attract shoppers, residents are fed up with barbers and nail bars. Carparks are being used by train users who park all day for free and go to London- this stops parking for the town centre which increases pavement parking. Make a 3 hour limit and send daily parking enforcement. Please empty local bins in park areas, especially dog poo bins more often before they overspill.

 81. Is the butcher on the board how have you allowed his blaintent abuse of the town's parking
 82. I would like to see the area better looked after.

 85. More shops, and less nail bars
 86. No
 87. try to get bus service renewed in Windermere drive it really effects people who have a disability with walking long distances to nearest bus stop and do not drive it is a public service and the council must have some power to help with this as i know that Arriva are a private company and we cannot even use M.K.Connect unless you have a mobile phone help and some form of communication to the public about this would help let the public know what is going on not officers of your council saying they are trying to get information on this then hearing nothing does not look good with respect to your council officers in the publics eye thank you
 88. Maintaining the lake and greenery around newton leys, cutting down the wild bushes.
 89. Support those struggling with visible parts of their garden / overgrowth (strategy would have to protect this from abuse) e.g. there is a person next to me who clearly has a garden which is out of control and never will be controllable without professional assistance (due to the size of trees)... the result is that it lets down the whole neighbourhood and creates alley ways which are difficult to negotiate
 90. Bletchley and fenny are going downhill rapidly. Parking over pavements never addressed. Lack of attractive and practical shops in highstreet. Overgrown public areas and alleyways. As a resident for 50+ years it is no longer a desirable place to visit or live. So much more could be done with sensible planning and thought. Mental and wellbeing support is a great area of concern as well as safety. I no longer feel safe walking in the highstreet once dark, even during the day trying to avoid unsociable behaviour
 91. Fight for getting the landfill closed
 92. NA
 93. On precepts no increase but better services is not a option therefore not a good survey question guide outcome ! Maybe stop wasting money on your office and hall and put money into residents
 94. We'd love your support campaigning against the Newton Leys landfill. The amount of methane gas in the air feels like it could be toxic and all residents are starting to smell it when both in and outside their homes
 95. Reduce the precept so it's not the second most expensive in Milton Keynes
 96. Question 9 should have had an option for none of the above.
 97. Bletchley town looks dirty and filthy and uncared for, with barely any top branded stores left, it has too many of the same thing, you cant come to bletchley and spend hours anymore shopping
 98. Keep on doing the great stuff you are doing to try and make the area a more supportive community.
 99. Parking in bletchley town is appalling but that's well known and nothing seems to ever be done about it!
 100. Thank you
